Buddy Activity - Page 2

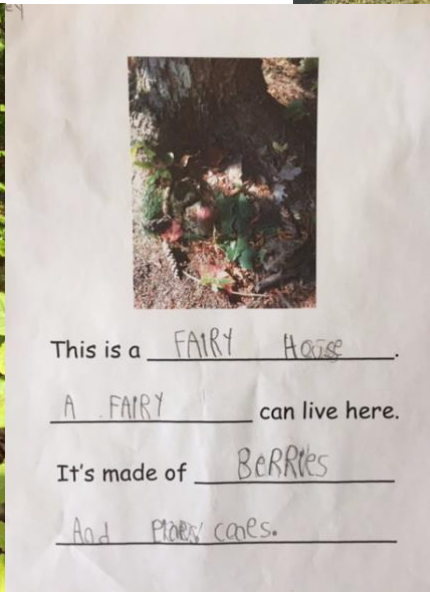

Buddy Activity

Last Friday, students enjoyed an all-school buddy activity! Older students joined their younger buddies in their classrooms for a “getting to know you” activity.

First Grade News

First Grade has been spending time learning outside. We eat snack outside almost daily and today we collected counters to use for math. On Mondays we have science outside where we practice our observational skills and capture what we notice in our class Nature Notes journal. We also made maps of imaginary worlds with a variety of natural materials and then wrote about them in our Writers Workshop.

French!

The third graders have been staying busy in French learning about animals and numbers. Today they wrote a story featuring both!

Library News

This week, our library is beginning a year long collaboration with Rockport Public Library. Rockport Public Library is allowing us to create a rotating lending library featuring high-interest young adult books and graphic novels. Youth Services Librarian Ben Odgren will visit our middle schoolers each month and book talk several of these selections. This program will allow our students to have even more access to exciting new titles. These books will have a white band that signifies they are from Rockport and will need to be returned to Mrs. Walsh.

Veterans Day program

This year in lieu of a school assembly to recognize our local veterans, our students will be sending cards of appreciation. Please call the office (785-4081) or send an email to hesoffice@fivetowns.net with your name and address if you would like to participate in our celebration by receiving notes from our students.

selection of both important classes to help people get and improve their education and workforce skills, and those that are just a fun way to learn something new.

We'd like to call your attention to several important offerings.

- Integrated education and training program for CNA certificate - this program is free to qualified adults.
- Certified Clinical Medical Assistant with CCMA Certification
- Other Certificate programs include: Dental Assisting with RHS, Phlebotomy with CPT, Pharmacy Technician with PTCB, Group Fitness & Personal Training and Medical Transcription

There are many new and returning offerings including our very popular cooking, art, dance and jewelry-making classes, and we continue to offer Drivers Education every month. If you'd like a digital copy of the brochure, or to register for a class, visit our website: fivetowns.maineadulted.org
