

February 1, 2020

Hello LincolNville, Hope and Appleton Citizens,

As I am sure you have heard, our school superintendent Dianne Helprin has decided to retire effective the end of the current school year. With this, we your school committee representatives, are tasked to interview and hire the next superintendent. In an effort to best serve our communities we would like to give you the opportunity to express your thoughts directly to us as part of our superintendent search process through a community survey. Your input will assist us in finding the best possible candidate to serve our students, committees, faculty, administration, and community in education excellence.

Sincerely yours,

Matthew Powers

School Union 69 chair

LincolNville School Committee
