Permission to Allow Photographs/ emailed Newsletters

Occasions may arise during the course of a student's school experience when photographs may be taken during the school day. Local newspapers or other media ask for pictures of students in connection with various achievements or events, including sports programs. In addition, the newspaper or Internet websites, such as VillageSoup or the school website may wish to publish these pictures to accompany local educational stories or articles about specific student accomplishments.

Hope Elementary School will allow such photographs to be taken and published **ONLY** with parents' written permission which will be requested yearly. Please consider the following options:

(print name of student)

Please check one:

to have his/her photograph taken during the school day and possibly be published in the local newspapers, on the school or VillageSoup websites, television, in classrooms, around the school or in other school-sponsored publications, etc.
